

BROCHURE

WHO ARE WE?

We are a company dedicated to the manufacturing of car lining and upholstery with diverse materials such as natural Leather, synthetic leather cloth and velvet.

Our specialty is luxury synthetic removable upholstery which will protect the original cushion and gives the appearance of elegance and comfort.

We work on restauration of the original leather upholstery, manufacturing of linen, car mat manufacturing. We also offer car covers as well.

SERVICES

- Dyeing of cushion in leather
- Cleaning and maintenance of leather cushioning
- Replacement of damaged parts
- Home Service (only in the city of Cali - Colombia)
- Mats on measure

Eco Leather liner is ideal for people with kids or exposed to high traffic. It can be easily clean and prevents that the liquids reach the original liners maintaining the original cushion and providing an excellent preservation on the car interior.

SERVICES

Tapi-forro type RS is made from either cloth or Eco leather with double stitching, easy to clean for maximum shelf life. An excellent presentation for your automobile. We personalize colors and threads for the logo.

TapiForro in fabric and Eco leather material, being made in fabric gives less heat feeling by allowing perspiration, easy cleaning because if you want to wash it can be easily removed, variety of designs and colors
